

Assignment #1 – Rob’s Grading Rubric

		Evaluation Criteria				
	Weighting	Poor (1)	Alright (2)	OK (3)	Pretty Good (4)	Nice Work (5)
Mechanics & Flow	1	Ridiculous number of spelling and grammar errors. Paper was barely readable due to poor English	lots of spelling and grammar errors. Could read paper, but it was painful	A couple spelling and grammar errors. Paper was readable	Virtually no spelling and grammar errors. Paper had a smooth transfer between ideas (ie.flow)	Immaculate spelling and grammar. You are potentially also a professional writer.
Section						
A	3	Didn’t even seem to be covering same article	Didn’t capture article at all	Captured some of the article	Captured most of the article	Harvested all the goodies from the article
B	1	Missed the point completely	Pretty weak feeling of the point	You’re pretty close to the point	You’re pretty bang on the point	You were really connected with what this article added to the overall paper
C	0.5	It seems like you don’t know how to research	Weak research effort, many developments missing	You checked, but some important developments have happened since	You checked, but a couple important developments have happened since	You are on top of your game
D	3	You don’t know why you chose this article/this article didn’t stimulate any thought	You have a vague idea of why you chose this article/you had some thought	You create a decent argument for why you chose the article and had some interesting things to say about it	You’ve got a solid argument for why you chose the article and your ideas were thoroughly developed	Your argument and ideas blew me away
